

# UNICAMILLUS

# ORAL IMPLANTOLOGY

Class of 2025-2026

JANUARY 15, 2026  
LAST REGISTRATION DATE

## UNICAMILLUS

---

Saint Camillus International University of Health and Medical Sciences (UniCamillus) was recently established: the acknowledgment procedure of the University was concluded on January 4th, 2018 with the publication of the provisional MD n. 927 of 28/11/2017. The qualifications issued by UniCamillus are exactly the same as those issued by the other Italian public universities, and therefore, they are valid throughout the whole EU, pursuant to Directive 2005/36/CE and of Directive 2013/55/UE. Students and graduates from UniCamillus can apply for the qualification of the Educational Commission for Foreign Medical Graduates, since all eligibility requirements are met. The University has been included in the World Directory of Medical Schools, joint venture between the World Federation for Medical Education (WFME) and the Foundation for Advancement of International Medical Education and Research (FAIMER). The first academic year has started in November 2018.

UniCamillus - Saint Camillus International University of Health and Medical Sciences welcomes students from all over the world and trains them to become physicians or health professionals versatile and focused also on diseases of underprivileged countries. For this reason the University is addressed particularly to EU and non-EU students who show a humanitarian, scientific and professional interest in the health problems affecting especially the Developing countries.

The courses are aimed at training doctors and healthcare professionals capable of operating at an international level. In line with the international profile of the University UniCamillus, the degree courses are taught mainly in English. Educational tools and support programs help the student in improving his command of the language during the course, up to the achievement of a level that will allow him to use its qualification, with no language difficulties whatsoever, in most countries in the world.

### **SECOND LEVEL MASTER PROGRAM (Continuing Professional Development)**

This program lasts for one academic year, during which students will acquire both theoretical knowledge and practical skills. The purpose of the Master Program (CPD Course) is to provide clinicians with necessary means for a correct diagnostic and operative approach to an ideal implant prosthetic rehabilitation. Students will be drawn into modern implantology from the diagnosis to the prosthetic rehabilitation and will have the chance to get in contact with the most modern surgical techniques and technologies.

The Master Program (CPD Course)'s main partner is Istituto Stomatologico Toscano (IST), chaired by Prof. Ugo Covani.

## **MASTER IN ORAL SURGERY & IMPLANTOLOGY**

**A.Y. 2025 / 2026**

The Master's Course Program in Oral Surgery & Implantology is designed for the general dentist who has already taken the first step towards the field of implantology and wishing to develop their theoretical knowledge and practical clinical experience of treatment planning, surgical placement, restoration and maintenance of dental implants.

The programme aims to provide general practitioners with confidence in patient selection, diagnosis, treatment planning, and execution of straightforward implant cases. Apart from developing a good understanding of the biological basis of implant dentistry, the programme will provide supervised hands-on to allow dentists to safely carry out the surgical and restorative procedures, as well as design and execute the maintenance of patients with dental implants. The 12-months modular graduate degree program takes your time constraints and job responsibilities into consideration.

You have to travel four times to University center in Camaiore during your course of studies. Each stay lasting 5 days: you'll have lessons, hands-on courses and live surgeries thus grow through input from our international faculty, guest lectures and fellow students. The graduates will be able to independently plan and implement therapy concepts for the treatment of patients requiring dental implant prosthetics.

In addition, graduates will also have the skills required to select, analyse and fully integrate into their own practice a full range of treatments and knowledge in this field of dental implantology.

The course concludes with a Master's thesis on topics of implant that will prepare the student during the year and will discuss at the end of the course.

### **ATTENDANCE MODE**

The attendance is mandatory for at least the 80% of the total hours of the Master Program (CPD Course).

The Master Program (CPD Course) is composed of 6 lectures in live webinar mode and 4 sessions of frontal lectures each lasting 5 days (Monday to Friday).

Three of the frontal sessions will be held in Lido di Camaiore and the fourth at Unicamillus University in Rome for the final examination and parchment award ceremony.

The didactic calendar may be subject to change in relation to national and international scientific calendars and the availability of teaching staff.

Upon activation of the Master Program (CPD Course) (after the deadline for enrollment) the final schedule will be sent out.

Any changes will be communicated by email.

### **VALUE OF THE MASTER TITLE**

A Master Degree is a high level post-graduate scientific programme. The Master involve the acquisition of at least 60 university learning credit (ECTS) .

The second level Master's Degree represents from a classification point of view a course of study of the third cycle of the Bologna process / Level 8 EQF.

## ADMISSION AND SELECTION CRITERIA

The application must be submitted via the [GOMP](#) student portal following instructions given in the [GUIDE](#) by 15 January 2026 (unless otherwise communicated).

In order to complete your application, you will need to provide the following documents, which will be attached to the portal during the procedure:

- curriculum vitae et studiorum in European format, dated and signed, in PDF format;
- PDF format of a valid identity document;
- PDF format of the degree certificate;
- JPG or PNG format of a personal photo;
- any additional qualifications you wish to submit for assessment for admission;
- declaration that you have read the information regarding the processing of personal data pursuant to articles 13 and 14 of Regulation (EU) 2016/679 on the "protection of individuals with regard to the processing of personal data" (hereinafter also "GDPR") provided by UniCamillus.
- photocopy of the tax code or health card (for Italian citizens and foreigners in possession of one);
- for candidates in possession of qualifications equivalent/equivalent to those required: declaration in lieu of certification, pursuant to art. 46 point m of D.P.R. 28/12/2000, no. 445, certifying the achievement of the qualifications in question, in accordance with current legislation.
- Payment of first instalment.

For candidates with qualifications equivalent/equivalent to those required:

- Dichiarazione di Valore in Loco issued by the Italian Consular Authority of the country of study (accompanied by transcript of records + copy of the final diploma) or
- CIMEA Certificate of Comparability accompanied by CIMEA Certificate of Verification (by accessing the [CIMEA](#) platform) or
- Diploma Supplement (if it is a European qualification) issued by the University of origin and legalised at the Italian Embassy of the country of study.

Students who submit incomplete documentation will be admitted with reservation and cannot complete their enrolment until all the required documentation has been submitted.

Conditional enrolment will not be accepted due to incomplete documentation or incorrect entry of data on the application form.

Following admission, candidates will have to follow the enrolment procedure following the indications provided in the appropriate guide, which will be sent by email together with the notification of admission to the CPD course.

## SUBSCRIPTION FEE

The total tuition fee is € 9.050,00, plus € 50,00 for secretarial fees (including registration and degree certificate stamp duty).

The fee is payable in three instalments:

- 1st instalment: € 3.050,00

Registration and first payment must be completed by the deadline above. Although they can be carried out separately, both must be finalized within the stated deadline.

- 2nd instalment: € 3.000,00 + € 50,00 → by 15 June 2026
- 3rd instalment: € 3.000,00 → by 15 December 2026

If candidates do not make the payment within the timeframe specified by UniCamillus in the admission notice, they shall lose their position in the ranking list and the list will be scrolled until all slots are filled.

**RIGHT TO RECONSIDER** – Within 14 (fourteen) days from the date of payment, students may exercise the right to reconsider. As a consequence, students unilaterally waive from their enrolment by explicitly communicating to UniCamillus their willing to waive. This request should be sent by certified email to [postlaurea.unicamillus@pec.it](mailto:postlaurea.unicamillus@pec.it).

In case of exercising this right to reconsider, UniCamillus will proceed to refund the paid amount within the following 14 (fourteen) days – withholding an amount of 5% of the paid sum for secretarial services – using the same means of payment previously employed by the User, unless expressly indicating a different means of payment.

Except for mandatory cases, expressly stated in this announcement, no refund will be made under any circumstances.

**RIGHT TO WAIVE STUDIES** – By exercising the right of abandonment or waiver of studies, students will no longer have access to any educational activity and/or qualification to use the tools UniCamillus puts at their disposal. Students wishing to waive must submit a waiver application using an online procedure. They must access the student portal (GOMP) with their credentials, visiting the "careers> applications> study waiver application" section.

In case of waiver, the amounts paid until the moment of presentation of the waiver request will not be reimbursed under any circumstances. Students who waive or abandon their studies after the beginning of classes are required to pay the whole amount of fees.

Activation of the Second Level Master Program is conditional on reaching a minimum number of 15 enrolments. In the event that the Second Level Master Program does not start due to failure to reach the minimum number, the University will refund the entire fee paid, without withholding anything by way of penalty.

## 2. TEACHING METHODOLOGY AND EDUCATIONAL PROGRAM

The Master is delivered in **blended learning mode**, combining online and face-to-face activities.

### UMOI Master Schedule – A.Y. 2025/2026

Module	Main topics	Dates	Mode	Location
1	<b>Introduction and Fundamentals of Implantology</b> <ul style="list-style-type: none"> <li>• Introduction to the Master Program</li> <li>• History of Implantology</li> <li>• Maxillary and Mandibular Anatomy</li> <li>• Bone Biology</li> <li>• Basic Radiological Diagnostics</li> <li>• Live Surgery – Remote Observation</li> </ul>	16/02/2026 17/02/2026 18/02/2026 23/02/2026 24/02/2026 25/02/2026	Online (webinar)
